IDBI TRAINING COLLEGE

Organizes
ONE DAY ONLINE WORKSHOP ON CYBER SECURITY
Duration: 1 Day (June 3, 2024)
Mode of Conduct: Virtual

Introduction

Cyber space is a complex and dynamic environment of interactions among people, software and services supported by world-wide distribution of information, devices and networks. The exponential increase in the number of Internet users in India and the rapidly evolving technologies have also brought in its own unique challenges, besides aggravating the existing problems of cybercrimes. These technological developments have also led to the proliferation of cybercrimes, which is one of the fastest growing forms of transnational and invisible crimes. There is a need to increase Cyber Hygiene for prevention of cybercrimes by inculcating habits of taking care of our various devices. This workshop intends to create security awareness for prevention of cybercrimes, help you understand the related legal modalities to take corrective action plans.

Objectives

To make aware of protection in electronic payments & social networks from cyber-attacks and taking measures for protection from such crimes. Understanding the legal framework related to cyber security and taking corrective actions and process of reporting of cyber-attacks/crime to appropriate authorities.

Who should attend?
